MINISTER FOR PUBLIC WORKS
22 JUN 1956
GOVT. OF MADRAS

My dear Raja Saheb,

I had orally invited you at Bombay to go over here on the 7th and 8th July in connection with the supply of electric power from Mysore to South Kanara. Sri K.Hanumanthaiya, Chief Minister of Mysore has consented to go over here for the function and we would all be grateful if you could also make it convenient to go over here as this is a historical event so far as this District is concerned. I understand that you would all be going to Kunda on the 6th and it would be quite possible for you to so adjust your programme to be able to be here on the 7th evening.

I am looking forward to your kind reply in this matter.

With kind regards,

Yours sincerely,

SECY.,P.W.D.

M.(H) spoke to me about this. He suggests that we may send a formal invitation to Sri Hanumanthayya of Mysore. This may be done in consultation with the C.E (E). The invitation may go from me. I presume that arrangements for the function will be made at official level. I am not likely to attend the function & I am informing Sri Pai separately.

D.O.No. 2626-I/56-1 Dated 22-6-56

Dear Sri Appadurai,

Sub:- ELECTRICITY - Supply of Power from Mysore to S.Kanara Dt.

--

It is understood that bulk supply of power from Mysore to South Kanara Dt. will be switched on shortly and that the Chief Minister of Mysore has ~~concerted~~ consented to go over to Udipi on 7-7-56 for the function arranged for the purpose. It is presumed that arrangements for the function are being made officially. If so, it has been suggested that a formal invitation may go from M(W) to the C.M. of Mysore State to participate in the function. I am therefore to request you to furnish urgently the details of the function arranged for the inauguration of bulk supply of power from Mysore to South Kanara Dt. in order to enable formal invitation being issued to the C.M. of Mysore.

Sub: Elecy. - Supply of power from Mysore to South Kanara Dist.

Ref: Sri Sundaram's D.O.No.2626 I/56-1, P.W., dated 22.6.1956.

In continuation of the D.O. cited, I am to state that it has been suggested that the supply of Jog power to South Kanara Dist. may be inaugurated on the 7th July 1956 and that the C.M. of Mysore may be invited to inaugurate the supply at Mangalore and at Hiriadka in Udipi Taluk. The C.M. of Mysore is accordingly being requested to inaugurate the supply of power at these two places. I am therefore to request you to arrange for the inauguration function on the 7th July 56 at these two places under Govt. auspices.

I am also to request you to furnish urgently a note regarding the Jog power scheme indicating therein the amount spent so far by this Govt. on the extension schemes which will get supply from the Jog Para Scheme, the amount yet to be spent by this Govt. and the rural electrification programme in South Kanara Dist.

Dear Sir,

Arrangements for supply of power from Jog to South Kanara are nearing completion.

It is an important matter.

It would be fit and proper to invite the Chief Minister of Mysore to inaugurate the switching-on function of electric power. It should be arranged by the Government. Invitations may kindly be sent under the signature of the Government or the Departmental Head the Chief Electrical Engineer.

With a view to facilitate matters the Hon'ble Chief Minister for Mysore was approached and he will be kind enough to accept. I trust he has kept 7th and 8th July 1956, free for functions in South Kanara. Hence I seek early attention on this matter. A prompt reply will enable us to make further detailed arrangements.

Yours sincerely,
Vaikunta Baliga.

My dear Raja Saheb,

Further to my last letter, I am enclosing ~~a copy of~~ the letter received from Hon'ble Sri A.B.Shetty, Minister for Health. We would very much like the function to be a Government function. Since the date has already been fixed and the Superintending Engineer and the local Engineers have agreed to it being convenient, the function at Mangalore could be on the 7th July at 6.30 P.M. and at Hiriadka on the 8th July at 6.30 P.M.

We are looking forward to hearing from you that necessary directions have been given for making proper arrangements for the function.

My dear Sri Pai,

Your letter of the 19th. The function should be arranged as a Government function, then the Chief Engineer will make necessary arrangements. You may, therefore, write to the Minister for Public Works and also the Chief Engineer in the matter: — The place, date and time of the function should be mentioned. I have spoken to the Public Works Minister about your letter and he will write to you whether he proposes to attend the function. I have not so far heard anything from the Chief Minister.

## SUPPLY OF POWER TO SOUTH KANARA DISTRICT.

***

The State Electricity Department had planned to extend Pykara Hydro Power to Mangalore and Udipi from Cannanore but further study in 1944 indicated that the South Kanara District could be more economically and fully served by extending Mysore power from the Jog Power House by purchasing bulk power from the Mysore Government. Accordingly a proposal to extend Mysore hydro power from Jog P.H. was made out in 1944 but was dropped as the scheme could not be justified as a "war measure".

In January 1949, a scheme report was submitted to Govt. to purchase power from the Mysore Govt. in bulk from their Jog Scheme at or near Someshwar at 66 KV. to the extent of 6000 KW. The scheme was estimated to cost Rs. 48.32 lakhs initially rising to Rs.62.05 lakhs in the tenth year. The scheme was sanctioned in September 1950 but the work could not be taken up as an agreement with the Mysore Govt. could not be completed. The C.E.E/Mysore subsequently expressed that there would be difficulty and delays in establishing step-down arrangements for 66 KV supply and that they would supply power at 110 KV. This was accepted as the higher voltage would permit a greater development in South Kanara District. Accordingly a revised scheme for purchase of power at 110KV was submitted to Govt. in December 1951 and this was sanctioned in February 1952.

The revised scheme briefly ~~confirmed~~ comprised of:

Contd..2.

i) Construction of 75 miles of 110 KV single circuit line from Hulikal (near the Madras-Mysore Border) to Hiriadka and then to Mangalore with two 110 KV.SS.s with the necessary Switchgear and equipments at Hiriadka and Mangalore.

ii) Construction of 50 miles of 33 KV lines from Hiriadka to Coondapur, Udipi and Karkala, with 33/11 KV SS at these places.

iii) 75 Miles of telephone lines on separate poles.

iv) Main 11 KV feeders.

The scheme was estimated to cost Rs.70.3 lakhs initially rising to Rs.88.0 lakhs in the tenth year of operation as compared to 62.05lakhs in the original scheme.

In order to avoid delay, the materials and equipments required for the scheme were ordered in 1952 itself in anticipation of successful conclusion of the power agreement which materialised only in August 1953 after protracted negotiations.

The agreement which is for a period of 20 yrs. provides for supply of power as follows:

i) 2800 KW. as expeditiously as possible but not later than45 months from the date of completion of the agreement(August 1953).

ii) upto 3500 KW. (inclusive of the above 2800 KW.) at the end of 2 years from the date of commencement of the 2800KW. supply referred to in (1) above and

iii) upto 6000 KW (inclusive of the above 2500 KW) at the end of six years from the date of commencement of supply of the 2800 KW. referred to in (i) above.

Though the initial works of investigation and survey were completed in June 1951, the construction work could be taken up in 1953 only, after the conclusion of the agreement.

Contd...3..

30

To hasten extension of power to important towns and villages and to build up load for being connected up to the Jog supply, the Udipi and Karkala Power undertakings were acquired in 1951. Improvements to Udipi and Karkala undertakings costing Rs.9.50 lakhs were also sanctioned and executed. Additional generating sets were installed at Udipi, and Power extended from this station at 11 KV to Karkala and Coondapur. Similarly to cope with the additional demand in the Mangalore area, an additional 500 KW diesel set costing about Rs.4.22 lakhs was installed and put into operation in April 1954.

The construction of the main 110 and 33KV lines was completed six months back. The substations at Mangalore, Hiriadka, Coondapur, Udipi and Karkala have all since been completed and are ready for commissioning.

The expenditure on the main Jog Power scheme incurred by the Department to the end of May 1956 is Rs.52.66 lakhs against a provision of Rs.70 lakhs for initial works. As however, a number of payments are yet to be made to the contractors, the full expenditure on the initial works is likely to be incurred within six months.

Thirty two villages, as per list enlcosed have been electrified so far. The main Jog Power Scheme does not provide for distribution of Power and separate distribution schemes on remunerative basis have been sanctioned and are in the process of execution. The following

are the major distribution schemes sanctioned and under construction.

1. Mangalore - Mulki extensions G.O.Ms.4082 dt.27.10.55..... Rs.7.69 lakhs.
2. Extension of supply to Hejmadi. Rs.6.245 "
3. Coondapur distribution scheme. Rs.0.99 "
4. Manipal " " Rs.0.19 "
5. Barkur Extensions. Rs.1.24 "
6. Mangalore-Buntwal extensions. Rs.3.66 "

Provision of Rs.83 lakhs has been made in the second Five Year Plan under Distribution of Power for this area and it is proposed to electrify 150 villages and connect up 1685 pumpsets. A list of these villages is enclosed.

The expenditure so far incurred on the major distribution schemes are given below:

| | RS. IN LAKHS. |
|---|---|
| Extensions of Supply to Hejmadi..... | 2.367 |
| Mangalore Mulki Extensions.. | 3.510 |
| Mangalore Buntwal " | 1.66 |
| Barkur Extensions. | 0.89 |

The total expenditure incurred on other distribution schemes is Rs.6.74 lakhs.

SPECIAL.

Secretary, P.W.D.

Certain M.L.As of South Kanara have written requesting that the inauguration function regarding supply of Jog Power to the district may be done on the 7th of next month, and that a letter may be addressed to the Chief Minister of Mysore requesting him to do the inauguration of the function at Mangalore and also at Hiriadka (Udipi taluk). The Chief Minister and the Minister for Works have been invited, one of whom is requested to preside over the function. The Chief Engineer for Electricity may please be directed to arrange for this as a Government function, and a letter may be addressed to the Chief Minister of Mysore requesting him to do the switching on function.

2. A note may please be given to me regarding the Jog Power Scheme and the amount spent and to be spent hereafter by the Madras Government and the rural electrification scheme in (the) South Kanara.

Please see the minutes of M(H) above.

2. With reference to 'A' above, it may be mentioned that the C.E.(E) has already been asked to state whether any official function is being arranged at Udipi in connection with the inauguration of supply of ~~ice~~ power from Jog Falls to South Kanara Dist. and if so, to furnish details thereof so as to enable an invitation being issued from M(W) to the C.M. of Mysore State. His reply is awaited. How-

ever in view of the minutes of M(H), the C.E.(E) may be asked to arrange for an inauguration function at Mangalore and also at Hiriadka on the 7th July 1956 under Govt. auspices. He may also be asked to furnish the note required by M(H) at 'B' on p. 1 ante, as the full particulars are not available in this deptt. An invitation from M(W) may therefore be issued to the C.M. of Mysore to inaugurate the supply at the two places on 7.7.56.

2. As regards 'C' on p. 1 ante, it is submitted that M(W) has already indicated that he is not likely to attend the function. Orders may however be obtained whether it would be possible for C.M. to preside over the function.

3. With reference to 'L' and 'M' above, a draft D.O. to the C.E.(E) and a draft D.O. as from M(W) to the C.M. of Mysore are submitted. After issue of the draft D.O. to the C.E (E), the file may be circulated to M(W) and C.M. for approval of the draft D.O. to the C.M. of Mysore and for orders ~~with reference to~~ on para 2 above.

Please see the notes and orders in Circulation on pp. 1-2 ante, the D.O. from Sri T.A. Pai on p.7 c.f. and the minutes of M(W) thereon.

2. It is since understood from the P.A. to C.M. that with reference to an ~~amendment~~ invitation already issued by C.M., the C.M. of Mysore in his letter dated 27-6-56 has agreed to switch on the supply of Jog power to South Kanara at Mangalore on 7-7-56. In the circumstances, it does not seem necessary to issue another invitation to the C.M. of Mysore from M(W). However, as it is since proposed to have the inauguration ceremony at Hiriadka on 8-7-56, the C.M. of Mysore may be informed of the position. A revised draft D.O. as from M(W) to the C.M. of Mysore is accordingly submitted. With reference to the minutes of M(W) on p.7 c.f., a draft D.O. as from M(W) to Sri T.A. Pai, M.L.A. is also submitted.

3. The file may be circulated to M(W) for approval of the draft D.Os below.

The file relates to the arrangements made for the inauguration of supply of Jog power from Mysore to South Kanara District.

2. With referance to the minutes of

M(H) on p.1 ante, it may be mentioned that instructions have since been issued by the C.E.(E) to the S.E., Pykara Electricity System, Coimbatore to proceed immediately with the arrangements for the inauguration of supply of Jog power to South Kanara both at Mangalore and Hiriadka on the 7th and 8th July 1956 respectively. The C.M. of Mysore has since accepted the invitation to switch on the supply at Mangalore on 7-7-56 and he has been requested by M(W) to switch on the supply at Hiriadka also on 8-7-56. Neither the C.M. nor M(W) will be able to attend the inauguration functions.

3. As required by M(H) at 'B' on p.1 ante, the C.E.(E) has furnished a note on the Jog power scheme and the details of expenditure incurred on the main Jog power scheme and the major distribution schemes in South Kanara Dt. It may be mentioned that the C.E. has not included in his note the following extension scheme which has since been sanctioned by following the short circuit procedure:-

| | Cost. |
|---|---|
| Extension of supply of electricity from Mangalore to Puthur and en-route villages | Rs 8.728 lakhs initially rising to Rs 11.15 lakhs in 10 years |

Besides, the following extension proposals in South Kanara Dt. submitted by the C.E.(E) are pending consideration of the Standing Finance Committee:-

| | Cost. |
|---|---|
| (1) Extension of supply of power from Kumbla to Kasaragod | Rs 7.045 lakhs initially rising to Rs 7.998 lakhs in 10 years |
| (2) Extension of supply of power from Kumbla to Kunjattur and en-route villages | Rs 3,78,500 initially rising to Rs 6,07,500 in ten years. |
| (3) Extension of supply of power from Mangalore to Ullal and enroute villages | Rs 3.826 lakhs initially rising to Rs 5.372 lakhs in 10 years |

A clean copy of the note submitted by the C.E. incorporating the additional particulars referred to above is put up at flag (A) for the use of M(H).
